

ENSEMBLE POUR LA COOPÉRATION FRANCO-ALLEMANDE
GEMEINSAM FÜR DIE DEUTSCH-FRANZÖSISCHE ZUSAMMENARBEIT
TOGETHER FOR FRANCO-GERMAN COOPERATION

What is the seminar about?

Context:

For several years, Solidarités Jeunes has been organizing FGYO (Franco-German Youth Office) projects, including trinational cultural exchanges. These projects are always very enriching for the hosts and participants, but we have a difficulty in mobilizing participants, especially from Germany.

Moreover, we all today face a lack of time and do not take the time to promote an FGYO project rather than a "classic" international project. It seems important to us to involve more new German associations that work with young people and especially with participants with fewer opportunities for whom this experience will be beneficial and useful.

Objectives:

This seminar aims firstly to bring together the different representatives of the structures and secondly, to create solid partnerships between these organizations in order:

- To improve the knowledge of all participants on the FGYO's projects in general;
- To valorise and properly promote the FGYO's projects (thanks to a good communication around them);
- To find sufficient participants for these projects;
- To have a similar and well-defined educational goal and objectives for all future FGYO projects that this partnership will develop;
- To honour these educational goals during the various project's realization (through well-trained group leaders and host associations);
- And finally, that all of the above points allow the development of new FGYO projects.

Expected results of the seminar:

- To discover new possible partnerships between French and German organizations sharing common values.
- That FGYO projects, especially tri-national workcamps, be successful and thus that we'll be able to multiply this kind of projects.
- The creation of reciprocal projects and therefore the involvement of the partners in all stages of the projects.

Place and timing:

From the 1st of November till the 5th of November 2021

It will take place in one delegation of Solidarités Jeunes, le Centre de Beaumotte, in the Bourgogne-Franche-Comté region.

Methodology:

The training methodology will rely on nonformal education. The different workshops will be built around the needs and knowledge of the participants.

Provisional programme:

monday 01.11.21	Afternoon	Arrivals
tuesday 02.11.21	Morning	Group dynamics
		Ice breakers
		Seminar's presentation: program and activities
		Participants' introduction and their organizations
	Afternoon	OFAJ/DFJW presentation: project diversity and grand applications
wednesday 03.11.21	Morning	Beaumotte Center: visit of the place, meeting with the permanent of the regional delegations and the long term volunteers who live there ; explanation of the association's project, the activities and events organized
